The MAD Platforms

Fifteen standalone products MAD Monkey Media has built beyond the Biz App and the print shop, from payments to a designer marketplace.

Fifteen platforms, one ecosystem

Not everything MAD Monkey builds lives inside the Biz App dashboard. These are the standalone platforms: each one has its own subdomain, its own audience, and its own job to do. Some are live today, some are in beta, and a few are still on the roadmap, marked honestly below.

Live today

MAD Pay

LIVE

Payment gateway for modern businesses

WHAT IT IS

Accept payments online, in-store, and on the go from one merchant account: cards, ACH, Apple Pay, and Google Pay, at 2.6% + 10 cents card-present and 2.9% + 30 cents online.

WHO IT IS FOR

Any business that takes payments and wants one processor across web, storefront, and point of sale.

MAD POS

LIVE

Point of sale system

WHAT IT IS

A modern point-of-sale system built for retail, restaurant, and service businesses, sharing one inventory with the online storefront so stock never gets out of sync.

WHO IT IS FOR

Retail counters, restaurants, and service businesses that sell in person.

Creators

LIVE

Designer marketplace

WHAT IT IS

Get professional design work done: launch a contest, hire a designer directly, or browse portfolios to find the right fit.

WHO IT IS FOR

Businesses that need a logo, brand system, or one-off design project without hiring in-house.

MAD Chat

LIVE

Multi-AI chat surface

WHAT IT IS

One chat surface to work across multiple AI models instead of juggling separate tabs and subscriptions.

WHO IT IS FOR

Teams and individuals who use AI daily and want one clean interface for it.

MAD Search

LIVE

Small-business marketing search

WHAT IT IS

A vertical search engine focused on small-business marketing, SEO, local search, and commercial print, built for the exact questions this audience actually asks.

WHO IT IS FOR

Owners and marketers researching a marketing, SEO, or print question.

Go

LIVE

Get found. Get faster.

WHAT IT IS

Fast, focused landing pages for a single campaign or offer, built and live in minutes instead of a full site rebuild.

WHO IT IS FOR

Businesses running a campaign, promo, or ad push that needs a dedicated page fast.

Careers

LIVE

Build with MAD Monkey

WHAT IT IS

Open roles across engineering, design, sales, marketing, production, and operations, in Dallas and remote.

WHO IT IS FOR

Job seekers looking to join the MAD Monkey Media team.

careers.madmonkey.media

Developer

LIVE

Build on the MAD Monkey platform

WHAT IT IS

API access, documentation, and integration tools for building on top of the MAD Monkey ecosystem.

WHO IT IS FOR

Developers and technical partners extending or integrating with MAD Monkey products.

Free Website Builder

LIVE

A free, professionally managed website

WHAT IT IS

A free, professionally managed starter website with no credit card required, live in under 5 minutes, with an upgrade path to a custom domain and paid hosting.

WHO IT IS FOR

Any business that does not have a website yet, or wants a fast, free upgrade from a DIY builder.

MAD Login

LIVE

Identity provider

WHAT IT IS

One secure sign-in across the entire MAD Monkey ecosystem: one password, every tool.

WHO IT IS FOR

Every MAD Monkey Media customer, automatically, the moment they have more than one tool.

Coming soon

Lens

COMING SOON

Photo and video pro network

WHAT IT IS

A marketplace connecting businesses with vetted photographers and videographers for product shoots, on-location video, and brand photography. Book a pro, get the shots, done.

WHO IT IS FOR

Businesses that need real photo or video content and do not have a creative team on staff.

MAD Sign

COMING SOON

E-signature for quotes, contracts, and proposals

WHAT IT IS

Send and e-sign quotes, contracts, and proposals inside the app: a DocuSign-style alternative that carries your own brand instead of someone else's.

WHO IT IS FOR

Service businesses, contractors, and anyone who sends agreements to get signed.

BioPage

COMING SOON

Your brand, one link away

WHAT IT IS

A branded link-in-bio page: every link, product, and offer one tap away, styled in your colors and fonts instead of a generic template.

WHO IT IS FOR

Creators, local businesses, and brands driving traffic from social media.

MAD Mail

COMING SOON

Business email, built in-house

WHAT IT IS

Business email, campaigns, and a unified inbox with no external email-service bolt-on. See pricing in the Marketing Services catalog.

WHO IT IS FOR

Any business that wants native email and a single inbox instead of a stitched-together stack.

mail.madmonkey.media

MAD Meet

COMING SOON

Browser-first video conferencing

WHAT IT IS

No-install, one-link guest join video conferencing with recording, breakout rooms, and consent-first AI meeting notes. Staged and hardening.

WHO IT IS FOR

Teams and client-facing calls that want fewer clicks between invite and meeting.

One ecosystem, not fifteen vendors

Every platform above shares the same login, the same brand, and the same team. Mix and match what you need, upgrade a Coming Soon platform to your watch list, and never manage fifteen separate billing relationships.
